ATC travelers simply put, has hundreds of unfilled orders each and every day creating a great opportunity for the home based recruiter. Based on our extensive knowledge of the industry we believe that this is a great time for qualified candidates to invest in an ATC travelers home based recruiting program. The timing could not be better.

### **How much can I earn?**

For every assignment your traveler takes, you will get an hourly fee based upon a percentage of the gross margin.

**Billing – Direct costs (i.e. salary, housing and travel allowance, Benefits) = Gross Margin**

Depending on the bill rate, you could make between **\$1400-1800 per assignment, per traveler**. The number of travelers you have working and the amount you can earn annually is up to you. For Example : fifteen nurses completing four assignments each @ 1,500 = 90,000 annually.
